## I INTRODUCTION

This report presents an analysis of cumulative government expenditure from January 1<sup>st</sup> – August 31<sup>st</sup>, 2022. The purpose of this report is to inform all relevant stakeholders on the composition of Government Local Fund (GLF) expenditure for the period under review highlighting in particular, the absorptive capacity of different Budget Entities (BEs). Amongst others, this report also indicates prior year comparatives and expenditure trends. It should be noted that all expenditure herein refers exclusively to GLF denominated in Gambian Dalasi (D) and does not factor any donor sourced funding including loans, grants and project grants.

## II TOTAL GOVERNMENT EXPENDITURE

Government's total expenditure for the period under review amounted to **D13.93 billion** as compared to **D12.61 billion** during the same period last year, representing **10 percent** increase in total GLF spending. This growth was largely due to the year-on-year increases in Personnel Emoluments, Subventions to Public Corporations and Capital spending. The breakdown of government spending by economic class is shown in Table 1 below.

**Table 1: Breakdown of Government Expenditure for January- August 2022**

It can be observed that expenditures on PE and Other Recurrent have increased by 22 percent and 9 percent respectively. However, expenditure on Debt Service has decreased by 18 percent. Subventions increased from D2.04 billion last year to D2.53 billion this year which represents an increase of 10 percent mainly due to fertilizer subsidy of D524 million paid to National Food Security and Processing Marketing Corporation (NFSPMC) at the early part of the year.

Capital has registered the most significant growth of 26 percent and consuming 18 percent of

total expenditure as at end August 2022. The increase in Capital expenditure is largely attributed to the road infrastructure projects carried out by the Ministry of Transport, Works & Infrastructure and also the renovation of EFSTH, Polyclinic and the construction of 5 new health centers by The Ministry of Health.
